Brand New Book ***** Print on Demand *****.Excerpt from Tacoma and Destiny Quebec, founded in 1608, was by its strategic and political importance, long able to retain its position as a leading commercial city, yet Montreal, 180 miles farther inland, notwithstanding it was held as a mere outpost of Quebec until 1832, has since then, through the force of this commercial law, become the largest maritime city of Canada. Hendrik Hudson hunted for inland ports as far up as the site of Albany, but on account of insufficient depth of channel alone, destiny decided that the only place which could at last develop into the great city of the Atlantic seaboard, was at the deep-water Junction of all the sounds, bays, inlets, and rivers which meet around Manhattan Island, at the head of Long Island Sound. But even there destiny was not able to annul the tendency of trade to seek more inland positions, until man originated a new class of causes, in constructing artificial channels of commerce which virtually altered New York's relation to the interior. Until then other cities took the lead. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
