Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The High Sierra Hot Springs Trail (The Hot Springs Trail Part 2 of 4) Welcome to the official guidebook The High Sierra Hot Springs Trail: A Soaker s Route thru the Sierra Nevada, which covers an incredible 268-mile thru-soaking corridor located in California. This trail runs northward from the riverside town of Kernville to Red s Meadow Resort, near the active town of Mammoth Lakes. A series of spectacular hiking trails is followed thru the entire southern Sierra Nevada Mountain Range while visiting wild and resort hot springs areas. Midway thru, on the border of Sequoia and Kings Canyon National Parks, the trail crosses over the Great Western Divide and celebrates it s highest elevation of the trip. The High Sierra Hot Springs Trail is both friendly enough for newcomers to backpacking or thru-hiking and rewarding enough for all long-trail veterans, advanced trekkers, and adventure-soakers alike. This official guidebook provides you with a full set of detailed and updated maps plus complete logistics for the trail. It addresses safety concerns, offers first-hand advice and tips, gives resupply options, highlights hot and cold spring water sources, and includes a list of current websites to use when planning for your trip. The High Sierra Hot Springs Trail was pioneered solely by Aria Zoner and first successfully thru-hiked in September of 2013, in 14 days.
