### ***Reviews***

*Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.*

*(Prof. Damon Kautzer III)*

## SURVIVORS OF ATLANTIS: THEIR IMPACT ON WORLD CULTURE

Inner Traditions Bear and Company. Paperback. Book Condition: new. BRAND NEW, Survivors of Atlantis: Their Impact on World Culture, Frank Joseph, Archaeologists have long puzzled over the evidence suggesting highly sophisticated copper mining activities in the area of the Great Lakes some 5,000 years ago. Menomonie Indian tradition speaks of fair skinned mariners who had come in the past to "dig out the shiny bones" of the Earth Mother. Plato, meanwhile, recorded that the Atlanteans provided an exceptionally high grade of copper that was no longer available in his time. In this sequel to The Destruction of Atlantis, Frank Joseph argues that the Menomonie Indians' mariners were Atlanteans and that the destruction of Atlantis by war and natural causes brought about the end of Bronze Age civilisation. Furthermore, Atlantis' survivors dispersed to all sides of their former island empire into Western Europe, the Near East and North and South America. In Survivors Of Atlantis, Frank Joseph provides an in-depth study of the Atlantean war and the intimate connections it had with the last of four great cosmic catastrophes generated by the cyclical return of a comet and its debris. This quartet of natural disasters was followed by mass migrations recorded in the histories of such diverse peoples as the Incas of Peru, the Celtic Irish, the Classical Greeks, and the Aztecs of Mexico. Where the archaeology, mythology, astronomy, and geology of these cultures coincide, a common thread is exposed: Atlantis. Joseph shows that the fate of the Atlantean empire is the story of early civilization and reveals Atlantis to be a credible part of the world's history.
