Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Brand New Book ***** Print on Demand *****.Excerpt from The Suburbanite, 1909: A Monthly Magazine for Those Who Are and Those Who Ought to in Interested in Suburban Homes With the donning of a new dress, and all that goes with it, the purpose of The Suburbanite gains a decided impetus. That purpose - the promotion of suburban life and the interests of suburbanites - needs no introduction to the many who have followed the pages of the magazine from month to month. That purpose will remain unchanged - from title-page to tailpiece it will continue to dominate the contents. The only difference between the old order of things and the new will be increased opportunities for the achievement of that purpose. With the advent of the new series, which the March number opens, a special feature of each issue will be department treatment of the various matters of paramount interest to the great family of suburbanites. There is nothing which more vitally concerns the suburbanite, both present and prospective, than the home which he and his occupy. Under the Suburban Architecture and Construction Department that subject will receive painstaking attention. A special article will be devoted to some particular feature of this engrossing theme, while kindred topics will be separately touched upon. Another subject which means much to the average suburbanite is his garden. Many a suburbanite would feel as lost without his or her little patch of self-raised flowers and vegetables as a skipper without a compass. In many cases he has moved from the crowded metropolis to the suburbs because he wanted to work a garden and he couldn t do it in the city any more than he can do...
