Outlining seven reasons why people have trouble falling and staying asleep, sleep specialist Dr. Herbert Ross recommends several natural techniques-detoxification, dietary change, mind-body therapies, exercise, and more-to promote better sleep while enhancing your overall health. Unlike sleeping pills, which decrease sleep quality and become less effective over time, these holistic treatments will benefit your whole body over the long term to help you lose weight, increase immune system function, boost energy, improve mood, and enhance concentration. Good health and vitality are just a good night's sleep away.
